January 26, 1944

Dear Hubie:

We were all quite surprised the first of the week when we heard that you had already arrived in the other side of the "pond". Do you think you will pick up the English? We were glad to hear that you were not seasick.

So far, none of us have heard from Verner. The last letter the folks and me had from him were written at Fort Meade in Japan. Each day we hope to hear from him. Now that we lost so many men in that long coming voyage, we can't help but wonder about Verner's whereabouts. We pray the Lord spared him and has protected him. We must always leave you boys and also make in God's loving arms, for He knows and does that which is best.

This week we have all been busy with meat. Tuesday my folks butchered one hog. Wednesday we butchered our beef and one hog, and your folks also butchered two hogs. Wednesday, we butchered our beef in the morning, and in the afternoon they took our hog down to the folks and they butchered all three hogs down there.

This afternoon Alvin took me to the doctor again. I have to go every Monday and Friday for shots. I am feeling about the same. But I still can't stand to be on my feet very much or to do much work. I guess I am learning to be lazy.

Last night we were down to the folks for a little while. Bertha and Ernest R. were down there.

Frank is still out on business. How is his third week and perhaps his last week? We wonder what his next orders will be.

Alvin sold his two steers this week. He got \$8. for the 675 lb. one and \$8.00 for the 792 lb. one. The man has all his cow out. Also he has his wood cut but not hung together.

May the Lord bless you and keep you wherever you may be and in whatever you may do.

Love, Alvin, Alice, and David
