

Airmail

Stentworth, Missouri

March 5, 1945

My dearest Hubbie,

Here I am writing to you before dinner. I am at Alvin's ^{we} I have all the work done up and it's a lil' early for dinner, so thought I'd just take out and write you a few lines.

David boy wants to write to Hubbie — so here goes.

Uncle Huly David says the snow ~~is~~ all gone and I sure miss it.

Rene gave me a sleigh ride I fell off. I wantna help Daddy sow seed clover seed.

We make quite a little
job of it didn't we ? ?

He still wants to help
so if you can't read this
don't blame sw. 'ha ha.

Karen is fine & is
sleeping now.

Say, your really getting
very important — Rev. even
quoted part of your letter
in his sermon yest. morn.

Lee is here with me.
We are all fine

Well, darling, it's about
time to start dinner. I'll
write more later.

Love
Erie

Mon. nite.

Here I am again. It's about
8:30. Guess your sound
asleep ? ? ?

Today we had two letters

Air Mail

from you so Enny told me.

Would like to read them. One was written 14 & one mom's birthday - 21st that's coming then pretty good.

Wonder where you are now.

Are you still ~~at~~ with the French family? Have you learned to talk any French? ?

You will certainly have a lot of things to tell us when you come back. Which will never be too soon in my estimation. If it be God's gracious will to make an end to this war, so we can all be together again.

Remember God's promise.
"all things work together"

- 24 -

for good to them that love God;
We know that this war
is good for something or God
would not have let it be.
Perhaps it is bringing many,
that otherwise would have
tread from God's pathways,
closer to Him. Therefore, if
it be God's will we will
be seeing you.

David's just the sweetest
~~the~~ little darling. He's my
darling & he's Envy's sugar-
pleum.

Lee & I have already gotten
the water carried for washing
tomorrow.

It is cold & raining. Supposed
to snow again.

Here's hoping you have rec'd
some mail. If wishing will
make you get some - I'll do plenty
of it.

All my love,
Evelyn
