

Air Mail

Congratulations brother dear!!

Say, how do you do it? That's wonderful. I'm so happy for you.

I'm writing an air-mail so I can send you some stationery.

Think I shall write a v-mail too. Maybe it will come there faster. They tell us that's the only mail guaranteed to go by air, but we've been getting your air-mails almost as fast as your v-mails.

Alvin & Alice had three letters from Permer today. He didn't say where he was, but the last time they heard (15th) he was in Germany.

David & Karen are fine. They certainly can keep one busy, though. Can't you just

imagine ? ? ? ^{p. s. I addressed the enclosed envelope in - case they should open this letter.}

Heard Mrs. Karr & Rahmeller talk together today. They had heard from Junior & Edwin. These letters were written the 27th & 28th. That's doing pretty good, I think. I mean the mail service of course.

The last letter we had from you was written the 21st of Feb. We should be getting some that were written later.

I hear Karen's awake.

Guess what I wrote four letters last nite. That makes all high for me. Ha ha I'll bet you've done that many times eh what?

Surely hope you have received some mail by now, dearie.

Since I'm going to write an v-mail, too I'll close on this one.

May God keep you in his protecting care.
Lovingly ever
