

Friday Night Mar 23rd

Dear Hub-

I thought I'd slip a few lines in with Loren's letter. You know I was surprised to find her writing to you - you see, believe it or not writing to you before Mel. wrote something you should feel flattered. Of course Mel. gets his share of letters don't worry.

But what I can't understand is that she is always misaddressing his letters to New York or putting it Pfc. Melvin Buescher, or getting a Co F. in his address. How do you think he would like that if he knew? I guess so long as you are her brother, he might not count it against her.

Hub. I want to send you Raymond's ^{Bracht's} ~~Bracht's~~ address hope I don't forget. He is with Patton's 3rd Army. I da said he wrote that when he got off of the boat he saw Vernon ^(Clark on back side.)

-2-

Krueger, Vernon Nelson and your
names in the register.

Hope you will meet up with some
of the boys from home sometime.
The Kruegers had word again last
week that Vernon was making
satisfactory improvement.

I am sure he will make it all right
with the Lord's help. You were sweet
to give us some explanation and
tell ^{us} not to worry if any thing
should happen to you. We shall keep
our trust in the Lord at all times.
And continue our daily prayers that
he will keep you safe.

Habbie, I believe I mentioned in one
of my first letters that it might be
a good thing if you would give one
or several of your buddies, the folks
address so they could write us in
case something did happen to you.

You might also send us their address.
How about your Serpents address?

Sounds like you are pretty good friends.
For instance the Kruegers folks would
like so very much to know more
about Vernon. All they ^{have} gotten is the

The short and formal messages
from the war department.

Nelson's heard from Verne yesterday
he was still somewhere in Germany
and well. He mentioned once that
he was in Belgium so we kinda figure
that he is with the 1st or 9th Army.
We hope to find out before long with
which you are, I think I've told you
we wrote to Mrs. Gaspatin if we find
out where he is then we know where
you are - I mean in which Army.

What kind of weather are you
having - do you have mud like in
Texas?

Lorene, said to tell you Bill and Faye
have moved out of the Schoen house
they now live in the Wendler house
where Walter's lived when they were
first married. Haven't heard when
Casper & Margaret will take the big
step but guess it won't be long now.
Did someone tell you already the
Edgar & Verne have named their little
girl Linda Kay - she will probably be
baptized Sunday too.

Good Night Brother dear.

With Love Sister "Lee"

I see Lorene was bragging about
her "stinken little piece of
Japanese paper". well, I can beat
that. I got some Japanese paper
money from the Philippines
the other day. But I'll admit
it stinks too. ha ha.
