My dear Hub,

Goodness here I haven't even answered your v. mail I got Thursday. Your v. mail was written Jan. 24.

So sweet of you to remember my birthday. Busscher's letter was late too, but I don't mind that, as long as we hear from you.

Yesterday we received a check for \$52.40 made out to dad. Now I can understand why you ~~wait~~ changed your mind about sending it while you were still in New York. Tom also got a statement that the \$30 allotment you made out would be sent on or about March 15 for this month & then the rest would come at the beginning of each month.

You know Hub we haven't received anything but v. mail letters from you so far. I guess they are really the quickest. But I'd sure like to get some others, I know you've written some, I feel they are more detailed. I think perhaps that could be one reason why Nelson's

Love it heard from Turner.
He probably sent them air-mail.

Last week we sold 32
Walnut trees for \$300.00. The
army is buying these for gun
stocks. Uncle Oscar sold
some too. What do you think
of that?

He also sold some wheat,
about 489 bu. & got \$750.00. Big
we're sure taken in the
money! But beware of our
income tax!

Vernon Krueger is in France
too. Sure hope you get to see
him. Dorothy Kaiser said
she had a strong feeling
you two would meet.

Earl Sears is in Hawaii
now.

The Halle boys, etc. are
still on the West Coast.
Doing nothing but playing
ball. Still makes me mad
that they took you so quick.

Vernon Kleibacker has been
moved to Kessler Field,
Miss. He is supposed to go
to a mechanical school for
6 months.

Melvin & Selma are engaged.
Every mite this week, that
whole ~~the~~ click has been
together for dinner at one
place or the other & today
they were all at Melvin's.
If they do this much over

an engagement, what will they do when they get married? The Fredericks were all going back tonight, including Selma. I don't understand why they didn't just get married. Believe I don't like all this too well.

This sure was a quiet day - no Bobby, no Evie here - most unusual. Evie was at Alvin's all day, week and they were going to Nelson's today so Evie went along. And Bobby planned to go to I.C. - so she could see Mary Lou's baby again. Aint that something?? You think she'll ever come see mine??

Buecher is doing fine. Letter I got yesterday said all they did was play pinocle. But he too was getting tired of beans, beans, beans. He says they can't spend any money so he's contemplating buying me a fur coat for next Christmas. Aint that sweet of him.

I saw your girl friend this a.m. Cutt as ever. Guess she'll write you about Marvin Moennig's girl friend from Lackwood being here this a.m.

We got our milk check
this morning, test 4.5 (90.91).
Yeah! we're still milkin 'em.

Old man Klouglaw is
having a sale tomorrow.
Going to move to California.

Well Stud I better speed,
cause you may not have
time to read all this guy.
way at one time. I have
to write Mita - she say she's
like the soldiers, needs
mail to keep up her
morale.

We have our radio fixed
now.

Oh yeah I washed the
car Friday. But you'd even
enjoy taking it out now.
Ben went down to see
that Sharon kid tonight.

Well so long Stud.

God Bless and keep you.

Your sister

Lorene
