

Wentworth, Missouri
March 30, 1945

My dear Hub,

Was going to write to you last nite, but E vic & Lorn wrote so I postponed it.

We all went to Church this morning. Rev. had a good sermon. Will try & send you a copy of his Easter sermon.

I haven't heard from Melvin all week, think he's on the move. Had a letter from his dad today. Ruth's boy friend, Lyle, is home on leave. He's in the Naval Air Corps. His last assignment was Iwo Jima. No wonder he got leave.

Lorn had the radio for the car fixed at Mr. Fignon. I've got it today, but hasn't had time to put it in the car. Wonder if it'll still buzz?!

We heard over the radio today - that the 7th Army is in Heidelberg. Wonder if you're there too. Remember the picture show, "Heide" with Shirley Temple, believe it was Heidelberg where she went. We are praying for your protection.

Ray Eric & Lynn are about to run us out of the house. They've got that ole victrola going. Mom said the cats wouldn't sound worse.

Lorn & Martin went to Mt. Vernon today to get some tin & Martin got a scale for \$12.00 from George Barnes. Lorn got some lumber to make some shelves in our closets - yep, yaine guessed it - we've been cleaning house.

It rained some more last nite & today. Believe it'll be fair tomorrow.

Pucker's are wanting their seed corn. Remember how you & I took some down last year?

Sonie said this morning Norman was in the Philippines also Cecil Hess. Guess the Halle boys are too, but so far they haven't heard from them.

Well that our League has started a Bible Reading Program. Rev. makes out a calendar for us - we are to read 3 chapters everyday, except Sundays & 5. Every two weeks we check to see if we've read it. I think it's a pretty good idea. We just started this week so don't know how well it will work.

Well it seems I'm just
covering space, not really
writing anything, maybe
I better close, eh?
Kraeger's heard from Vernon
again, & he writes he's getting
along fine now.

Hope your fine, also
hoping will hear from you.

Love

Loene
