Hand from Nelson and his O.K. Mother

My dear Hobbie Boy!

We received two regular letters from you the 18th - you had written while still on ship. Sure funny how the mail comes through.

Alice and Karen Alice came home yesterday. Alvin & I went up in the ambulance from Mt. Vernon and got them. The weather was just perfect - so nice and warm, but it's sure much different now. Last night it turned much colder and today it rained most of the time. I think will have had snow by tomorrow morning.

Alvin said to tell you it was grand to be "pasa" again! Poor guy is making his own bed now, I wouldn't believe it would you?

Karen is a good baby sleeps most of the time. Of course David has to rock her when she cries, otherwise he thinks the baby is O.K. Mom and I are here now. Mrs. Nelson will stay next week.

Mom had a letter from Vic's mother. She, Aunt Amy and Aunt Ora Graham want to come and spend the day. We wonder if you are on the front already? We know you'll write every chance you have & Alvin still haven't heard from Helen. How, sister Anne
