

(April 2, 1945)

Tuesday morning.

As I've finished the letter to Dad yesterday, we got this telegram:

"The Secretary of War desires me to express his deep regret that your son Cpl. Khepachek, Robert H. has been missing in action in Germany since 15 May 45. If further details or other information are received you will be promptly notified.

The Adjutant General.

Oh! Well it was such a shock. All we can do is trust in the Lord. I think this was about the time the 7th Army crossed the Rhine. It will probably be months before we hear again.

Will let you know all we hear.

Love

Loisene
