

Sunday night
11 March 45
10:00 p.m.
Neesho, Mo

Congratulations on little Pfc,

Boyer that was certainly something we were so surprised & pleased. But you didn't say as much about it as you should have. How come they decided to give you Pfc. of course you deserve much more - but it's like Rev Stuenkel said you were the first out of the 16. And Lennie Kraust has been overseas 2 1/2 yrs. he is still just Pfc. I really didn't expect you kids would get ratings. But I'm very happy about you getting it. They always say the first stripe is the biggest thrill. at least that is what Russell says. But you didn't seem to think much of it.

We had lots of fun fixing you up a box this p.m. Leona & I. We even put in Baking Powder & Soda. So you wouldn't have an excuse for making real good pancakes next time. We thought we might in your next box send you some pancake mix so you'd just have to add milk or water.

you're probably palishing up your German pretty well. When you

planning to come tomorrow so Lena
said they probably wouldn't get a letter
written till tomorrow night.

Yok

I think it would be well for you
to stay in a hotel here. I would
advise you to book a room for
yourself and to take the table
for the evening or breakfast.

I guess I haven't told you
that I had a hospital address #187
U.S. Army Hospital #152 20th St. N.Y.C.
I had had letter 2 had from the
the 21st to the 22nd see much change
in the food. And though still
hard work for you except that
you can see that and that was
the 21st.

Robin dear, I still love to write to
you. I would like to write to you
first and see what you think. And Robin
we all say for you and that's
that's the best letter I hope you
the best letter I hope you

P.S. I think go to lunch
at 11:00 and lunch at
I took the 2:00 P.M. train
