

Air Mail

Tuesday Night
20 Mar 45

Dearest Hubbie -

It was very sweet to have a letter from you on my birthday. I didn't have any mail from Russell and I would like you to know that I'm writing to you instead of him tonight.

Say you did pretty good on your dreaming - about Alvin having a baby girl. Barb said if you were that good - you should start dreaming about you coming home to her.

You certainly have us going - I have asked everyone I know at the office (almost) with which Army the 3rd Inf Div is with. I haven't yet found out, I think the folks were going to write Mrs. Drapatin. I have read a large article in the "Time" magazine - someone said it was mentioned in there and I have been reading the paper

Air Mail 

but up until last week, I thought you were probably with the 7th Inf (Div) but I guess that is your Regt, which you explained later

I had a letter from Elda today she said they hadn't heard from Robert Davis since 11 Feb 45 - Maybe he is on his way home, but she thinks he also might have gone back to dy. I have been hearing from Russell quite regularly the last letter was 11th & 12th according to that Robert & certainly should have gotten some letters home after the 11th Feb.

Mr. Soston just came in and he has quite a photography hobby - he wants to take our pictures some time this week. We agreed we'd let him -

Russell said the Starb Stripes stated very few other than V-mail would go Air mail. So he thought he would save 6¢ on a letter now. That sorta made me angry cause I still think Air mail is faster and Bob's

Air Mail 

been getting a lot of air mails recently which come through in very good time.

Russell finally started receiving mail at the Hosp. however he hasn't yet received one pkg.

I certainly hope yours start going through much better than I do.

I wonder what you are doing our little Pfc. This letter today was dated the 7th Mar and I couldn't tell, but hope you weren't in battle. We are so very thankful you have been so well taken care of.

I think too you will soon have this taken care of. The news tells us you sure are doing a good job — We're proud of you —

Good night Hubby. I enjoy your letters and I never miss any they receive at home
Love —

Bobby
